Other – Opportunity to Write in Additional Priorities for Votes	Votes
Intellectual and Delayed Development	5
Affordable Medical Care	2
Healthcare access for those who can't afford health insurance.	1
Sad commentary that there were low marks for "I can make it a better place to live" – translates to powerlessness – consider encouraging volunteerism, ways to improve the community to the citizen.	1
Recognize the need and utilize communication other than internet/ technology. i.e. posters, paper, public broadcast etc.	1
Grant requests can be made to BCBS Foundation for health related initiatives/sues(?) etc.	1
